

**Indoor Recreation Center Ad Hoc Steering Committee**  
**Meeting Minutes from**  
**August 25, 2015**

Attending Participants:

Randy Soma	Becka Foerster	Brittany Kleinsasser
Dan Hansen	Matt Vukovich	Justin Sell
Jennifer Johnson	Mark Binkley	Jeff Weldon

1. Two architect firms gave approximate prices on various components of a potential Indoor Recreation Center. Prices were based on past and present facilities that have similar amenities.
2. Manage the message ideas:
  - a. Put together a master scheduler with dates, items and responsibilities.
  - b. Put together a flyer with common questions and answers. How do we pay for this? Will my taxes go up? Who will use it? How will this benefit Brookings?
  - c. Keep the community informed. Possibly create a Facebook page to post information and progress.

Highlights

- City Manager, Jeff Weldon, will put together a list of the amenities and their potential square foot prices. He will also put together a list of funding sources and look at operating expenses.
  - Keep in mind the specific objectives: Determine the potential construction costs associated with a facility and determine possible funding sources.
  - The potential location has yet to be determined.
  - Compare opportunities that would come from having a 50 meter pool to a 25 meter pool.
3. Next meeting (September 8<sup>th</sup>) will focus on facilitating a master plan, estimating expenses and strategizing possible payment solutions.
