**Note: Rates do not include federal or state tax.**

# General Information

## For the Guidance of Telephone Users

---

Good service depends largely upon the measure of cooperation afforded the Telephone Company by the public. It is the intention of the City of Brookings Telephone Department to give its subscribers and the general public the best service possible and in the interest of your service we solicit your hearty cooperation and desire to make the following suggestions:

**Use of Telephone.** Speak slowly and distinctly in your ordinary tone of voice.

Speak directly into the mouth piece of the telephone and with your lips close to it.

Consult the telephone directory to obtain correct number with which you desire to be connected.

**Ask for Long Distance for All Toll Calls.** Call information to report instrument trouble. Call information for all numbers not found in directory, for all other information wanted, except time and train service.

**Responsibility for Charges.** The City has no means for policing the use of subscribers' equipment. Therefore, subscribers will be held responsible for all charges originating from their telephones.

**Change of Numbers.** The Telephone Department reserves the right to change the subscriber's telephone number or designation at any time.

**Telephone Directories.** One directory is issued each year FREE OF CHARGE and great care is taken to have each subscriber properly listed, but we assume no responsibility for errors or omissions, nor do we guarantee the permanence of call numbers.

**Payment for Service.** All bills are due when rendered and are payable at the Treasurer's office. Failure to receive a bill, however, will not exempt the subscriber from prompt payment. In the event of non-payment, or other breach of the terms of its service, the Department reserves the right at once to discontinue the subscriber's service and remove its telephone equipment.

**For Application for Service,** changes in service

and equipment, call at City Auditor's office. For directory listing and advertising, adjustments or inquiries regarding bills, call at 415 Fourth street. No credit will be allowed for reason of house being closed for less than a month. The subscriber will be required to pay the Company's customary charges for any change in the location of its telephone equipment, made at his request, after phone is once installed.

---

## Long Distance

---

When "Long Distance" answers, give your name and telephone number and the details of the call, stating which class of long distance service you desire to use. When "Long Distance" acknowledges your call, hang up the receiver and wait until the operator calls you, unless requested by her to "hold the line."

**A Station-to-Station Call** should be made when you feel that the person with whom you wish to talk will answer the telephone or can be quickly called to the telephone by the person answering or when you are willing to talk to anyone who answers.

**A Person-to-Person Call** should be made when you desire to talk with a specified person and want the operator to locate him.

**Appointment and Messenger Calls.** An Appointment Call should be made if you want to talk with a specified person at a designated time.

When it is necessary to send a messenger to summon the person called to a telephone, it is a messenger call.

**Reverse Charges.** The charges on all classes of long distance calls may be "reversed" or "sent collect," providing the person called will accept the charges. On Station-to-Station messages when the regular Station-to-Station rate is less than 25c the Person-to-Person rate will apply.

**Night Rates** for both Station-to-Station and Person-to-Person calls are in effect every night from 6 p. m. to 4:30 a. m. and all day Sunday.

**To Obtain Rate to Any Place,** call "Long Distance." If you want to know the charges on a call at the close of your conversation, notify the long distance operator when you place the call.

**Coal and Wood**  
**Great Plains Supply Co.**  
 Building Material, Paint and Insulation

# Brookings County Public Service

314½ Main Ave.

Phone 798

Office Hours 10 a. m. to 3 p. m.

Ed L. Merchant, Proprietor

## DIRECTIONS AND REGULATIONS

Toll charges payable monthly. Please do not ask to charge toll if your phone rent is not paid in advance.

Payable at Brookings County Public Service office at 314½ Main Ave., or with the lineman.

A subscriber on either City or Rural Lines wishing to put in a general call, may ask for a general ring for a given line. The operator will ring the general call on the line asked for and the subscriber will do the talking.

Customers will be required to pay \$2.00 for general calls.

The Company reserves the right to remove the phone from the premises of any subscriber who in any way hinders others from receiving service.

Subscribers will be held accountable for all messages sent over these or outside lines from their telephones by themselves or non-subscribers. To avoid mistakes, subscribers should give operator the name and number of calling party.

Telephone service same as Brookings City Exchange.

All extra work ordered by subscribers, such as moving phones to new locations, will be charged for.

Subscribers are requested to see that no iron or metal of any kind is placed on any telephone or wire, as this is sure to cause trouble to yourself and expense to us.

We would also ask that each subscriber help us to eliminate all unnecessary conversations over the line by children or persons not interested in having good service.

Report all trouble to operator or 798.

Call by number for parties on rural lines. The first two figures denote the line, the last two figures denote the ring.

## RINGING CODE FOR RURAL LINES

0—Nothing	5—2 short
1—1 long	6—3 short
2—2 long	7—4 short
3—3 long	8—1 long, 1 short
4—1 short	9—1 long, 2 short

Ring One Long for Central
