Welcome!

EdgeBrook Golf Course is an eighteen-hole facility with a fleet of 40 golf carts, a green grass tee-stand, driving range, large practice green and chipping green. The regulation 18 holes play at 6,300 yards in a par of 70.

EdgeBrook carries a full line of golf equipment for advanced to beginning players. Beer, pop, snacks and catered foods are available daily and for special outings.

Tee times can be made 7 days in advance. Groups wishing to shotgun start must have a minimum of 36 players for nine holes and 72 players for 18 holes. Smaller groups may reserve tee times three days in advance.
Before you start your next round of golf take a moment to look through this yardage book. Pay attention to the hazards, playing tips, and basic yardage information to help yourself get a feel for the course. When you go to play each hole review the playing tip for helpful hints. Look for landmarks like trees, bunkers, or curves in the fairway to align your shots with. Reference the yardage measurements as a tool to help you decide which clubs will be best to use. As you play the hole, you can make notes on the pages of this book for yourself. Next time you come to play out course, you will have a personalized guide to playing your best.
Golf Ball Flight Patterns

- Out to In: The downswing starts outside (to the right) of the target line, crossing it at impact and continuing on the inside (to the left) of the target line.

- In to In (Square): The club approaches the ball from inside the target line and returns to the inside after impact. The downswing travels along the target line.

- In to Out: The downswing starts inside of the target line, and continues across the line to the outside after impact.
Short Course Rules

- A discount punch card is available - 10 rounds for $50
- All golfers must check-in at the clubhouse, the same as regular golf
- All normal golf protocol and practices shall be followed, including playing with one ball and foursome maximum
- Free to season ticket holders' children, ages 12 - 18 years old
- Free to all youth, 12 years old and younger, if accompanied by an adult

- If the adult is playing, the adult must pay Friday mornings are reserved for youth league play from June to July
- Motorized carts are limited to those with disabled parking tags
- No tee time reservations; everyone must use the tube ball-drop method
- Regular greens fees are $7 per round
- Short course golfers will be under constant video camera monitoring
Hole Number One

A slight fade is the tee shot to start your round. Keep the ball left of the evergreens for a short iron into a slanted green. A putt short of just about any hole position is what you might hope for.
Hole Number Two

A short par 3 with a large green, but a two putt is no sure thing on this green. The evergreens on the right grab a lot of balls on this hole also.

Stoltenberg Homes

PAR 3 HDCP 17/17
145 140 122 94
Another natural shot for most golfers (fade) is in store for the tee shot. Big hitters can take it over the trees on the right, but risk a nasty bounce toward the OB stakes. A decent layup from most drives will get you inside a 100 yards. If going for the green in two, the bunkers in the front will protect the green. This green can have some nasty breaks.

Hole Number Three

Par 5  HDCP 15/1

296  291  260  122
Hole Number Four

A fairly short par 4, but it requires a slight draw. A fade here and the road comes into play. Trees follow the fairway to the green on the right side and once on the green you can again have some nasty putts.

Blinds

PAR 4  HDCP 11/5

205  200  172  81

355  350  322  231
Hole Number Five

One of the most difficult par 3’s you will play in the state, especially from the back tees with a westerly breeze. All shots funnel to the water if left short of the green and traps protect it as well.

TROY'S Wood Specialties, Inc.
CUSTOM CABINETRY

PAR 3  HDCP 3/15
220  205  141  120
Hole Number Six

It doesn't look severely uphill, but it plays that way. A decent tee shot down the middle is crucial and the trap on the right collects a lot of balls. Once to the green it can get fast in the summer, especially downhill.
Hole Number Seven

Another straight tee shot is required here, but it plays much shorter than 6. A slight pull or fade could land you in some tree trouble. Another tricky green with slopes is some difficult places.
Hole Number Eight

Don’t hit a bombing fade here or the water can come into play as well as the rough or creek depending on the conditions of the course. Again, this green can leave you shaking your head when you walk off due to numerous and unpredictable breaks.

PAR 4   HDCP 5/13

266  260  138  112
Hole Number Nine

A fairly difficult par 5 that requires a long drive to just reach the corner. You can risk some tree trouble if willing to cut the corner, but it may not be worth it as a good second shot from just about anywhere short of the corner should put you inside of 150 yards. Trees line the fairway all the way to the green on the right side.
Hole Number Ten

Making the turn you have a blind tee shot, but with a well struck shot down the middle you will have a second shot from inside 150 yards to a large sloping green.

Hole Number Eleven

A seemingly harmless par 3 until you start thinking about the water short or the trap long. A very large green that slopes significantly to the north poses another challenge.

Your LOCAL Electrical Contractor

We have Boom Trucks for all your aerial work needs.

Clites electric

mike.ningen@cliteselectric.com
400 32nd Avenue • Brookings
Hole Number Twelve

This is a straightaway par 5 reachable in two with a couple of good shots. The sand collects a lot of balls and trees on the right side could be trouble. This green slopes to the south so downhill putts are common place.

Angels Attic Thrift Store

420 Main Avenue • Brookings, SD 57006
Phone: (605) 692-1440
Hole Number Thirteen

A fun par 4 that requires another slight fade or a big drive to get over the sand traps. Pull it left and the water comes into play. A fade on the second shot again the water comes into play so keep it in left.

PAR 3  HDCP 10/18

185  179  113  90
Hole Number Fifteen

A signature hole of Edgebrook. Some hit a driver or 3 wood at the green in hopes of the eagle putt, but the smart shot would be a mid iron to the middle of the fairway and take the chance with a 100 yard shot to a fairly easy green. With the freeway on the right and water on the left you will have a decision to make.
Hole Number Sixteen

You can’t see the green from the tee box so something down the middle right of the traps is the preferred shot here. A fairly large sloping green is in store for the next shot provided you keep it out of the trees.

“If I’m on the golf course and lightening starts, I get inside fast. If God wants to play through, I let him.” - Bob Hope
Hole Number Seventeen

Again, a very tricky par 3 if you over club as the highway once again comes into play. A short shot toward the right side of the fairway is the desired shot here as the side hill will guide your shot to the green. The traps on the left catch a lot of balls.

PAR 3  
HDCP 6/14

- Blue 210
- White 190
- Red 155
- Yellow 137
Hole Number Eighteen

The finishing hole is probably the most difficult with OB on the right and a tree lined fairway. A long straight drive is crucial here, but it could still leave you with a mid iron to the green which is protected by a bunker short that see a lot of action. This green can get fast when putting in the wrong direction. We hope you enjoyed your round and join us on the 19th hole for a cold beverage.

Facilities

Every player knows that practice is what makes perfect. We offer the facilities you need to keep your game in top shape. Come hit a bucket of balls at our driving range and work on correcting that slice or break in your new set of clubs. Find yourself in the sand a lot? Learn how to dig yourself out using the practice bunker. Our putting green is great for perfecting your short game and the chipping green is perfect for learning how to handle those tricky shots.

The pro shop is well stocked with everything you need to take your game to the next level. Our friendly and knowledgeable staff can help you pick out the right equipment for yourself or as a gift for a friend. Forget to grab something for your round? Pick it up quickly and easily in our pro shop. We carry the best name brands in both equipment and apparel to help you look and play your best.
Reading the Greens

Putting is the downfall of many otherwise great golfers. One thing that commonly trips people up is the grain of the green. The grain refers to the direction that the grass is growing, generally towards the setting sun. Once you are on the green take a look at your ball and the surrounding grass. Move in a circle around your ball until you notice the grass looks shinier or lighter behind your ball; this indicates you are looking in the direction of the grain. When putting against the grain your ball will move an average of 25-50% slower; with the grain, that much faster; and across the grain (neither with or against but rather at an angle) your ball is likely to veer to the side regardless of the slope of the green. Although it may take some practice, learning the grain of a green before you putt is sure to take a stroke or two off your final score.
